SECOM-D-219

2 October 1981

STAT

MEMORANDUM FOR:   
C/PCS/INT/RR

STAT

FROM:   
SECOM Staff

SUBJECT: Document Dissemination Statistics

1. Per our 1 October phone conversation, request that you provide this staff best available statistics on the number of information reports sent by the Agency to other departments and agencies during an average month. If the data is readily available, further request that the number of documents sent to major recipients (e.g., DIA) during the same average month be shown as subelements of the total number. It would be helpful if the requested data could be provided in matrix form, such as:

Estimated Average Monthly  
Volume of Documents sent to  
other Departments & Agencies

Total

Number sent to:  
DIA  
(other major  
recipients)

STAT

STAT

2. I would appreciate it if the requested data could be provided by 9 October 1981. Please call me on  if you have any questions.

DCI Security Committee Staff  
3D39

Attached are hard copy document receipts for the month of July 1981. That month was selected because it appeared to typify the variety and volume of reports received. Please note that the list does not include NPIC or FBIS, which are CIA, nor DCI, NIO or NFIB staff reports. There are some special notes for certain categories. I have also listed non Intelligence Community sources on a separate sheet.

STAT

FROM:

[REDACTED]  
SECOM Staff

SUBJECT:

Document Dissemination Statistics

1. Per our 1 October phone conversation, request that you provide this staff best available statistics on the number of hard copy intelligence documents received by the Agency in an average month from other Intelligence Community departments and agencies. Request further that this distinguish between SCI (all categories) and non-SCI documents. To the extent that such data is readily available, also request that the statistics identify those sending agencies which provide major portions of the total amount of intelligence received. It would be helpful if the data could be provided in matrix form, such as:

Estimated Average  
Monthly Volume (state month or period)

SCINon-SCI

Total documents  
received by CIA:

within that total,  
number received from:  
DIA  
State  
(Others)

SECOM-D-212

17 September 1981

STAT

MEMORANDUM FOR:   
Cable Secretariat

STAT

FROM:   
SECOM Staff

SUBJECT: Cable Dissemination Statistics

1. Per our 17 September 1981 telephone conversation, request that you provide this staff statistics on the average monthly dissemination and receipt of cables by the Agency for a typical month. Request further that separate statistics be provided for SCI and non-SCI material: that the statistics identify the total volume of CIA traffic originated in an average month; what portions of that are disseminated electrically to other agencies (e.g., NSA, DIA, State), and the total volume of cable traffic received during an average month from other agencies specified by agency of origin. It would be helpful if this data could be provided in matrix form, such as:

	<u>Average Monthly Volume</u>	
	<u>SCI</u>	<u>Non-SCI</u>
Generated by CIA (total)		
Disseminated to all other agencies (total)		
To specified agencies:		
NSA		
DIA		
State		
(Other major recipients)		
Received by CIA (total)		
From:		
NSA		
DIA		
State		
(Other major producers)

SECOM-D-213

17 September 1981

MEMORANDUM FOR: Acting Chief, Office of Current Operations  
IMD/CB

FROM:

[redacted]  
SECOM Staff

SUBJECT: Hard Copy Dissemination Statistics

1. Per the 17 September 1981 telephone conversations between myself and [redacted] request that you provide this staff the best available estimates on the average monthly dissemination and receipt of hard copy intelligence documentation by the Agency. Request further that the statistical data distinguish between SCI and non-SCI documents; address the number of copies dispatched or received; and provide copy number statistics for major recipients and originators (e.g., so many copies sent to DIA; so many different copies received from them). It would be helpful if this data could be provided in matrix form, such as:

	Estimated Average Monthly Volume	
	<u>SCI</u>	<u>Non-SCI</u>
Number of Copies Generated by CIA (total)		
Disseminated to other agencies (total)		
To specified agencies:		
NSA		
DIA		
(Other major recipients)		
Number of Copies Generated by Other Agencies and sent to CIA (total)		
Received From:		
NSA		
DIA		
(Other major producers)		

2. It would be appreciated if the requested data could be provided by 2 October 1981. Please call me [redacted] if you have any questions.
